Our mindful castle ghosts will set the mood with smooth candlelight and arrange all the delicacies by the fireplace for your convenience.

The Burg Schlitz Hot Tub

A noble bathing-ceremony in the romantic light of torches

An enchanting view of Burg Schlitz and far away into the beautiful Mecklenburg countryside, a romantic ambience in the light of torches – enjoy the warm waves of our luxurious hot tub. An experience to revitalise all senses.

Our noble “Skargards Royal” hot tub is situated on the slope of the Buchenberg (i. e. beech hill). It is equipped with a spacious, ergonomic, fibreglass reinforced plastic vat which will be filled with fresh natural spring water and fired with beech wood for you. An oven, integrated elegantly between the vat and an outside wooden panelling, guarantees a clean and undisturbed bathing experience.

**Our “hot tub butler” will prepare a hot and relaxing bath for you,
ready for enjoyment.**

Providing you with privacy, you may take care of any further firing of the oven in the course of your bathing ceremony according to your personal liking. With the oven you can adjust the temperature of the water which can be reduced by activating the whirlpool function.

Your private bathing-ceremony includes the following services:

- Fragrance-bath with stimulating lavender extracts
- A 0.75 l bottle of Champagne „R“ de RUINART
- Plenty of torch-lights and just as many moments of happiness

EUR 349.00

for 1-2 persons

A maximum of only two persons per bath allowed! The hot tub is available only in the context of the bathing ceremony as described above.
